

## **CORONAVIRUS INFORMATION**

*As with the rest of the world, the City is monitoring the on-going developments related to the novel coronavirus, or COVID-19, with great interest.*

*The City takes the safety and well-being of its staff and citizens seriously. We are monitoring the Centers for Disease Control and Prevention (“CDC”) updates and encourage you to do so as well, as the updates become available.*

*Currently, the City has decided to continue holding its public meetings. However, for those of you who decide not to attend in person, those meetings are available to be viewed on the City cable television channel. Further, the City will accept written public comments by your sending them to the following email address at least two hours before the meeting at which you want your comments to be considered, [Admin@gpshoresmi.gov](mailto:Admin@gpshoresmi.gov).*

*Because this is a continually evolving situation, meetings may be cancelled or rescheduled in the future. If that happens, the City will use its best efforts to let citizens know of any cancellations as soon as possible. Any such cancelled meetings will be rescheduled with notice in compliance with the Open Meetings Act. If you have any questions or concerns, please contact Tom Krolczyk, Interim City Manager at [tkrolczyk@gpshoresmi.gov](mailto:tkrolczyk@gpshoresmi.gov).*
