

VILLAGE OF GROSSE POINTE SHORES

A MICHIGAN CITY

DEPARTMENT OF PUBLIC SAFETY

2013 ANNUAL REPORT

Preface

The information contained herein is for public record and has been compiled for dissemination as required by the Charter and Ordinance of Grosse Pointe Shores. The report itself is distributed to the City Manager, members of the City Council, Public Safety personnel, and the media. In addition the report will soon be available for viewing on the city website.

Chief John J. Schulte
Director of Public Safety

Mr. Mark Wollenweber
City Manager, Grosse Pointe Shores, Michigan

March 7, 2013

Dear Mr. Wollenweber:

It is my privilege to provide the Annual Report for the Grosse Pointe Shores Department of Public Safety. The Annual Report is a record of the activities, events and training related to law enforcement, fire related activities and emergency medical services for the year.

The year 2013 was marked with many areas of organizational progress within the Public Safety Department. A large scale office reassignment project was undertaken within the Public Safety complex to assist Public Safety operations, the Municipal Court, probation and the City administration. Five offices were relocated and upgraded to more efficiently utilize the existing space within the building. The most significant change was to relocate the prisoner processing room to provide additional officer safety and prisoner security while removing the prisoner's accessibility to civilian personnel.

With resignations, the Public Safety Department conducted a thorough search for candidates that would fit our high quality service model. In July we conducted interviews and after an extensive background investigation, physical examination and psychological testing, we hired Jason Cook and Jesse Lafriniere, both were Firefighter / Paramedics from Medstar Ambulance. These two candidates attended the Macomb Regional Police Academy and graduated on December 17, 2013. In addition, on December 17th we hired

Michael O'Brien, a certified Police Officer, Firefighter and Paramedic that had prior service with the Michigan State Police. As of the publishing of this report we are preparing for interviews to complete our staffing requirements. In August 2013, we also marked the start of the clerk staffing of our public safety desk. The Clerk duties and responsibilities will be further explained under the Special Operations section of this report.

With the assistance of grant funds from Michigan Municipal Risk Management Authority, the department was able to replace an outdated in-car audio/video recording system. The new system captures digital video in the scout car and stores the data on a video card in the vehicle. When the vehicle is parked at the station, a wireless connection is established and the video data automatically uploads to our digital video recorder. Quality audio/video recordings of police events are second only to officer training in the mitigation of liability to the Village.

I am reporting that our Part I crimes, which are categorized by the F.B.I. as the eight most serious offences against persons or property had an overall decrease of ten for a total of 10 in 2013, compared to 20 in 2012. The decrease in Part I crimes for 2012 can be attributed to our commitment to high police visibility and prompt uniform investigations from our patrol officers.

Of the eight Part I crime categories, Grosse Pointe Shores reported zero criminal activity in six of these 8 categories. Our Part I crimes of opportunity, such as larceny (4) and burglary (6), remain historically low and can be attributed in part to our alert residents in recognizing and reporting suspicious behavior in the Village. The Part I Index Crime

Comparison is graphed on page # 19 of this report and shows the Grosse Pointe Shores criminal rate of occurrence, compared to other reported rates from Michigan, the midwest and nationally.

Part II identified crimes increased in number from 96 in 2012 to 128 in 2013 or (25%). It should be noted that although these numbers have increased, they show a particular diligence on the part of our officers in recognizing suspicious activity and potential criminal activity. The documented action they have taken with increased O.W.I. arrests, narcotics violations and public order crimes has led to this increase.

The number of vehicular accidents increased slightly from 42 in 2012 to 45 in 2013. The consistent enforcement of our traffic laws has helped keep this number low and our community safe for vehicle and pedestrian traffic. The total number of arrests remained consistent from 2012 to 2013 and all of our officers remain vigilant in arresting those individuals that present a danger to our residents and their property.

In the area of Emergency Medical Services, we saw a slight decrease in our calls for service. Our paramedics and EMT's responded to 163 calls for service in 2013 compared to 175 in 2012. Our ambulance also responded to 53 medic calls under mutual aid. The response times to medical emergencies in Grosse Pointe Shores is shown in graph form on page # 26 of this report. In reviewing our current data, we found that 58% of our EMS calls are for patients between 63 and 82 years of age. Our response times for mutual aid medical emergencies average less than four minutes with response times locally average between 2 and 3 minutes, while the national average for EMS response time is more than eight minutes.

There was 2 structure fires reported in June of 2013. Grosse Pointe Shores Officers along with the mutual aid assistance of Grosse Pointe Woods and Grosse Pointe Farms extinguished the fire in the large Lake Shore dwelling. Grosse Pointe Shores responded to 12 mutual aid fire calls in 2013 and a total of 65 mutual aid runs for police, fire and EMS.

During 2013, the Public Safety Department assisted both the Ford House and the Grosse Pointe Yacht Club. Our Fire Inspector, Lt. Bill Nicholson, reviewed an extensive set of plans from the Ford House for upgrades to their fire alarm reporting systems. In addition, in 2014, the Fire Inspector and I will be working with Hennessey Engineers Inc, contracted by the G.P.Y.C. to advise them in the area of fire suppression with their marina upgrade project. Each year, Public Safety provides continuous security, as well as vehicle and pedestrian assistance to both of these facilities

In June of 2013, Grosse Pointe Shores, Department of Public Safety was evaluated by the Insurance Services Office (ISO) to generate a Public Protection Classification (PPC) Ranking. ISO evaluated approximately 30 separate areas of our fire operations, some of those areas include fire operations policy, fire response vehicles, officer training records, pump and ladder certifications, dispatch operations and hydrant flow rates and maintenance records. The extensive review was reduced to a report that moved our PPC rating from a 6 to a 5. The lower the rating number, the better the department is prepared to manage fire operations. Communities where the Public Protection Classification improves may experience lower insurance premiums. We continuously look for ways to review and improve our operations.

Throughout the year, motorists, contractors and builders cause damage to the infrastructure of the Village. The Public Safety Department works closely with Public Works to assess the damage and prepare insurance claims to recover the costs of the repairs. A breakdown of recovered funds and grant awards can be found on page 35 of this report.

Our Public Safety Officers remain committed to Police, Fire and EMS training and this is reflected in their competent and efficient delivery of service to our residents. In 2012, Grosse Pointe Shores Officers participated in 2372 hours of academy level and in house training evolutions. The two officers that attended the Macomb Police Academy logged a total of 1450 training hours. I am proud to be a member of this Department and serve next to these dedicated professionals.

In closing, I would like to take this opportunity to thank Mayor Kedzierski, the City Council, the City Administration and our generous residents for their continued support of the Public Safety Department.

Respectfully,

John J. Schulte
Director of Public Safety

Department Awards 2013

On May 19, 2013, Sergeant Ron Coste and PSO James Tassie, along with Lieutenant Ken Werenski, responded to a person in the water. The officers entered the 50 degree water and with the assistance of an individual on a jet-ski, the victim was brought to safety. The Public Safety Department routinely receives the assistance of the St. Clair Shores Coast Guard and the Macomb Sheriff's Department however, some rescues close to the break wall require immediate action from our officers. Sergeant Coste and PSO Tassie coordinated the rescue and all three officers have received Life Saving Awards.

Grosse Pointe Shores Public Safety 2013 Annual Report

Personnel Overview

As of December 31, 2013 the Village of Grosse Pointe Shores employed 17 sworn officers and 11 civilian administrative part-time clerks. The Village of Grosse Pointe Shores being the first public safety department in the nation comprised of entirely triple trained officers: certified and or licensed to provide police, fire, and EMS services. With a Department of 17 Officers, 13 are licensed paramedics, certified in advanced cardiac life support (ACLS).

The principle role of the Department continues to be proactive and preventive patrol of the community. Eighty eight percent of personnel are delegated to daily patrol activity. The Detective Bureau / Special Operations is managed by one command officer and supplemented by additional staff when needed. The command officer assigned to the Detective Bureau also serves the Department in other capacities such as a shift commander to efficiently manage Department man hours in time of needs.

We are pleased to announce the addition of three public safety officers this year. Two of which completed the Macomb Police Academy while in service with Grosse Pointe Shores. The academy program is 17 weeks in length, and our candidates graduated in December. Upon this successful completion all three officers were sworn in during the December city council meeting. The three officers were immediately assigned to training officers to complete our multi-stage field training process while in service with some of our veteran officers.

Grosse Pointe Shores Public Safety 2013 Annual Report

Recognizing the needs created by the dispatch consolidation, the Department was authorized to establish a new position: public safety clerk. This staff can now better serve the needs of our citizens on a 24/7 basis. This position is shared by 11 administrative part-time civilian clerks, working 8 hour shifts. Their daily responsibilities include answering a designated, non-emergency station phone line, servicing residents and guests at the station's reception desk with special event requests/permits, FOIA compliance, fire arms sales/records, criminal history checks, house watch registration and management, contractor licenses and permits, and provide much needed support for other departments including Detective Bureau & Court. These qualified individuals serve as a constant, additional level of service to the residents. Dispatch services as well as prisoner housing continues to be outsourced to the city of Grosse Pointe Farms.

Grosse Pointe Shores Public Safety 2013 Annual Report

POLICE DIVISION

Uniform Division

In order to maintain uninterrupted 24 hour service to the community the Department operates under a 4 platoon system. Each of the 4 platoons consist of shift supervisors and public safety officers. Two lieutenants are each assigned as shift commanders to manage the 4 platoons. The shift commanders are direct reports to the director of public safety.

Grosse Pointe Shores Public Safety 2013 Annual Report

The platoons work 12 hour shifts and rotate every 10 weeks from days to nights. The patrol shifts are responsible for the protection of citizens and their property as well as the enforcement of laws and ordinances within the city limits. Routinely the patrol officers respond to citizen calls for assistance, enforce traffic codes, conduct field investigations, and assist with any special programs or activities occurring within the community. The patrol division is ultimately responsible for the exceptional personal and professional relationships that exist between the Department and the citizens of our city. Their daily contact with the residents promotes a strong working partnership between the Department and our valued residents. It is this relationship that contributes to the pride of being a resident of Grosse Pointe Shores. The Department recently acquired a 2014 Ford Taurus Interceptor for traffic enforcement. This vehicle replaced a 2011 Crown Victoria which was then reassigned to the Detective Bureau.

Grosse Pointe Shores Public Safety 2013 Annual Report

Detective Bureau & Special Operations

The Detective Bureau is dedicated to aggressive case investigation and closure of every case. Prosecution of the criminal element remains paramount. Our Bureau prides itself on the cooperative and successful alliances that have established with area departments, the Michigan State Police Department, and Federal Agencies.

The Department relies upon the Detective Bureau to conduct criminal investigations, hold witness/subject interviews, and perform surveillance details. Officer-In-Charge (OIC) of investigations is responsible for the crime scene management, evidence collection and processing, as well as documentation and preparation for trial. The Director and Detective/Lieutenant make themselves available 24 hours a day for consult, immediate response to an active crime scene and mutual aid requests that take our officers out of the Village.

Special Operations Division is also responsible for many administrative roles such as conducting background investigations, registration of handguns, Freedom of Information Requests, processing of concealed pistol licenses, and fingerprinting.

In 2013 the Department processed 3,077 calls for Service. Of all cases adjudicated in 2013 we are again proud to announce a 100% satisfactory conviction or plea arrangement as outcomes. The high case closure is a tribute to the dedication and cooperation between the uniform and investigative divisions.

Grosse Pointe Shores Public Safety 2013 Annual Report

Public Safety Clerks

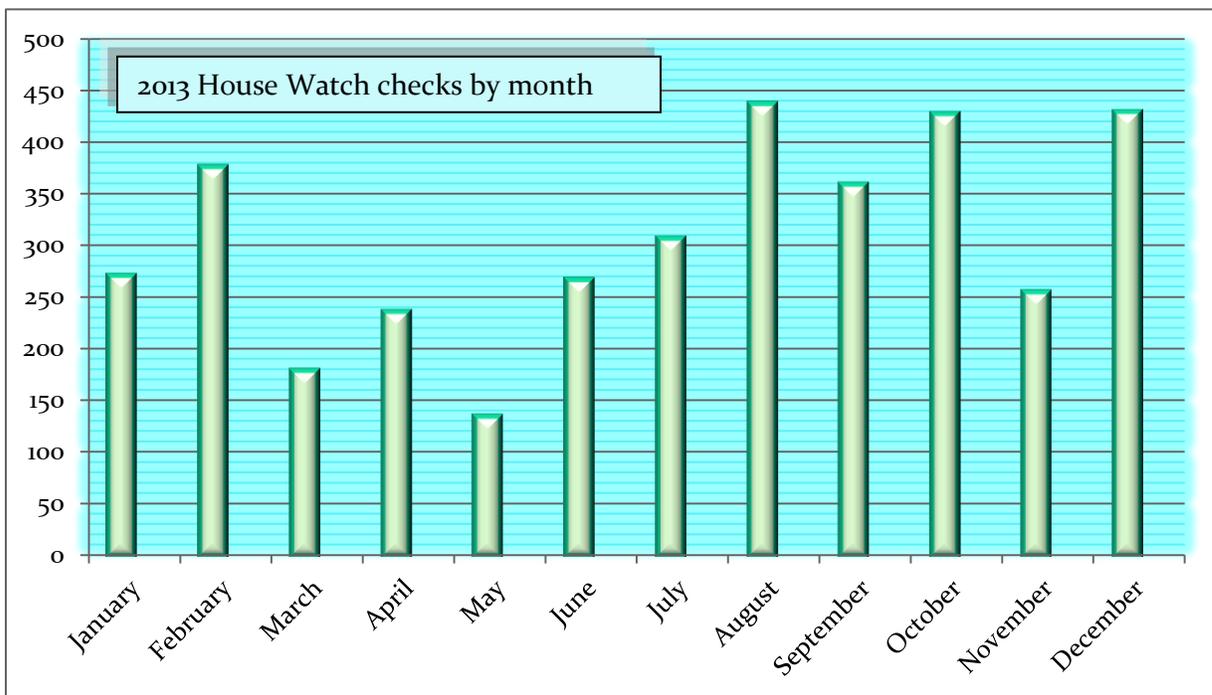

In August, 2013 the Department added to our clerical staff by instituting 24/7 clerks. The responsibility of overseeing the public safety clerks was assigned to the Special Operations Unit. They assist with many duties with-in public safety as well as augmenting the staff in other city departments. Their daily responsibilities include but are not limited to: answering and directing non-emergency phone calls, assisting residents/guests at the reception desk, issuing and maintaining permits for firearms, snow plows, estate/garage sales, special events, and pets. The clerks also process and maintain the House Watch Program, FOIA requests, impound records, shift information logs, bond receipts, criminal history backgrounds, and DPW call ins. The City Council's decision to provide clerk coverage provides a far more cost effective use of all manpower. The clerk's ability to assist with varied office responsibilities frees our public safety personnel to maintain a high patrol visibility within the community. The clerks have taken on several large scale projects such as a complete audit and overhaul of our hardcopy records, retention practices and storage areas as well as assisting with the labor intensive "Warrant Detail." Additionally, we have added follow-up calls to poll residents upon their return from being placed on the house watch program.

Grosse Pointe Shores Public Safety 2013 Annual Report

As a Department, one of our most important functions is the management of our “House Watch Program.” While our residents are away on vacation, the security of their property is one in which we take great pride. Throughout 2013, our officers made 3,678 individual daily checks on homes while our residents were away.

The chart below illustrates the peak usage of this service by number of checks in a given month.

Grosse Pointe Shores Public Safety 2013 Annual Report

Five Year Incident Comparison Report

Part I Crimes, as defined by the Federal Bureau of Investigation include the most serious criminal offenses including murder, robbery, burglary, auto theft, and other serious victimization crimes. These classifications of crimes tend to directly correlate with the citizens' sense of security and safety.

<i>Part I Crimes</i>	<i>2013</i>	<i>2012</i>	<i>2011</i>	<i>2010</i>	<i>2009</i>	<i>5 Yr. AVG.</i>

****NOTE**** New Classification- Michigan Incident Crime Reporting (MICR)

Grosse Pointe Shores Public Safety 2013 Annual Report

FBI Uniform Crime Reporting 2012/ 2013 Comparison

The Uniform Crime Reporting (UCR) Program has been the starting place for law enforcement executives, students of criminal justice, researchers, members of the media, and the public at large seeking information on crime in the nation. Today, three annual publications including Crime in the United States are produced from the data received from over 18,000 city, university/college, county, state, tribal, and federal law enforcement agencies voluntarily participating in the program. The crime data are submitted either through a state UCR Program or directly to the FBI’s UCR Program. Crime in the United States is the most comprehensive analysis of violent crime and property crime in the nation. The annual publication compiles volume and rate of crime offenses for the nation, the states, and many cities and counties. It also includes arrest, clearance, and law enforcement employee data.

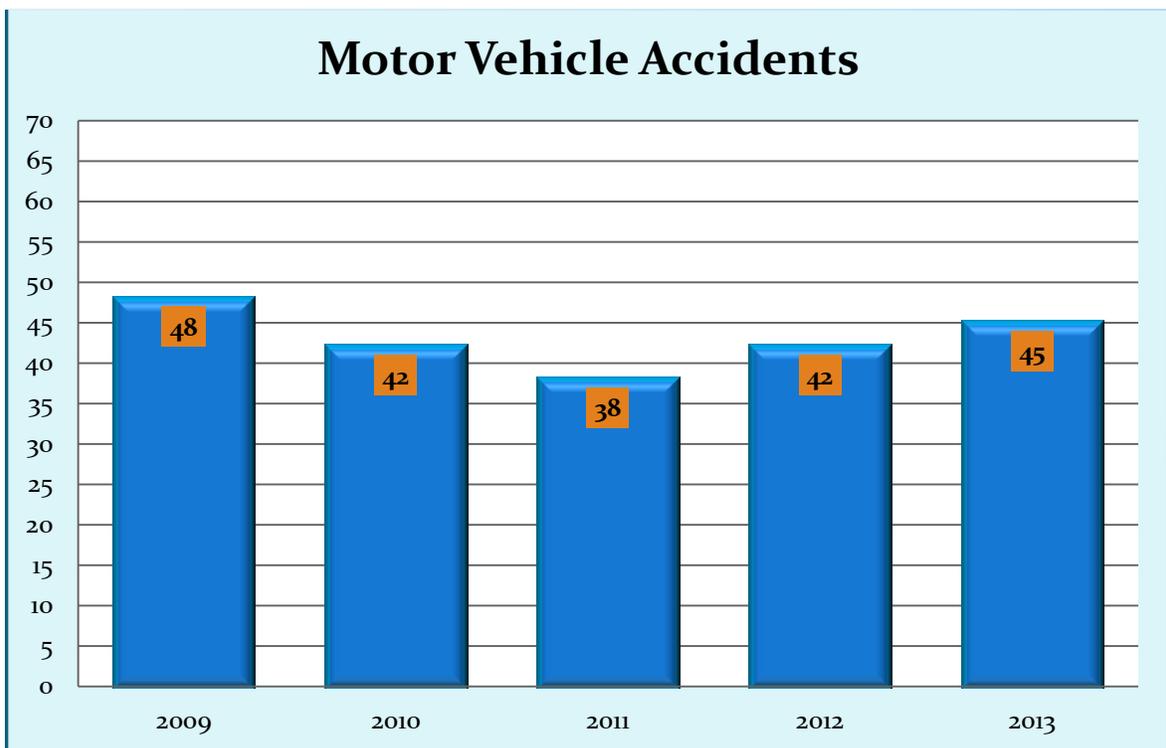

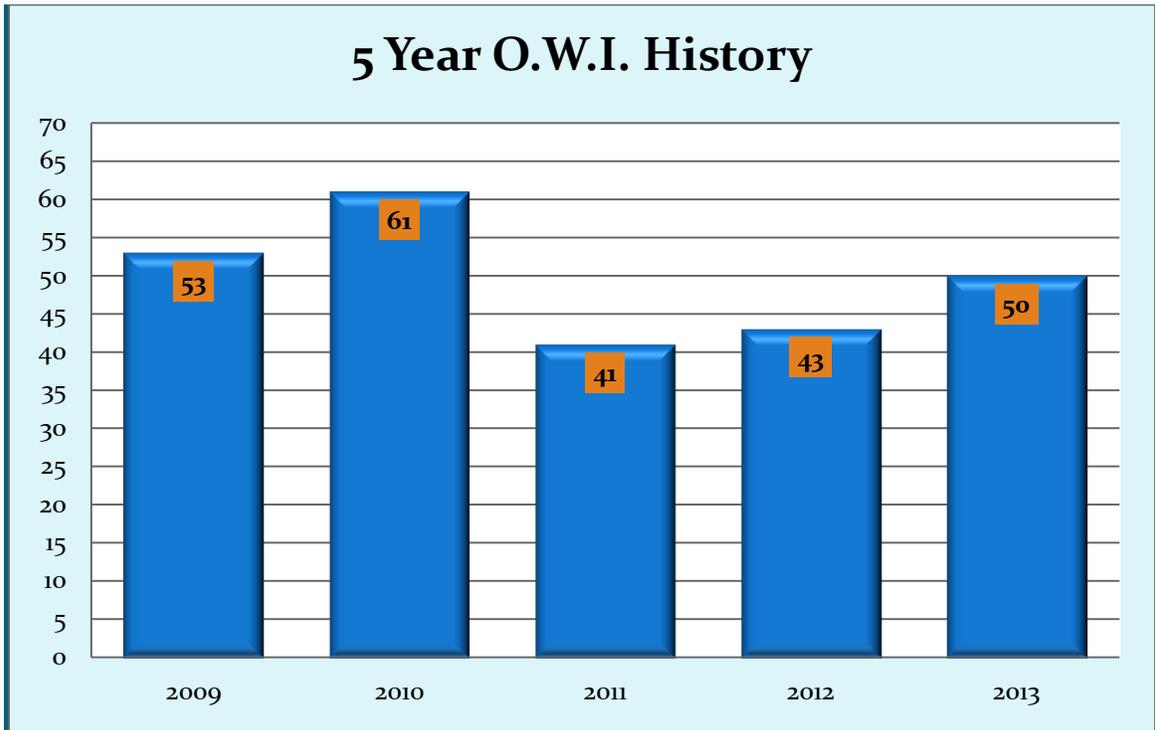

Source: www.fbi.gov

Part One Offenses

2013 Annual Report Index Crime	2013 Grosse Pointe Shores Actual No. of Incidents	2012 Grosse Pointe Shores Grossed up 33.3 times for 100,000 population*	2012 State of MI Rate per 100,000 population	2012 Midwest Rate per 100,000 population	2012 United States Rate per 100,000 population
Criminal Homicide	0	0	7.0	4.7	4.7
Rape	0	0	46.4	31.7	26.9
Robbery	0	0	105.6	103.2	112.9
Aggravated Assault	0	0	295.5	215	242.3
Burglary	6	199.8	664.4	644.5	670.2

Arson	0	0	NA	NA	NA
Totals	18	599.4	2985	3119.3	3246

**The rate of occurrence per 100,000 population is determined for comparison purposes by multiplying our actual no. of incidents recorded, by a factor of 33.3 (3000/100,000=33.33) for an at-a-glance comparison.*

Based on this data, as a resident of Grosse Pointe Shores, your chance of becoming a victim of a part one crime is 5.4 times less than the national average. Meaning, your likelihood per person is .006 % (.6 per 1,000) as opposed to nationally 3 per 1,000

In 2013 Grosse Pointe Shores Municipal Court collected \$171,337.45 in violation fines.

Grosse Pointe Shores Public Safety 2013 Annual Report

EMERGENCY MEDICAL SERVICES

Thirteen of seventeen sworn officers are licensed paramedics, certified in advanced cardiac life support (ACLS). Paramedics are trained to the highest level of pre-hospital care and can provide immediate intervention for the sick and injured patients, including administering medications and providing lifesaving procedures. Our remaining officers are all Emergency Medic Technicians.

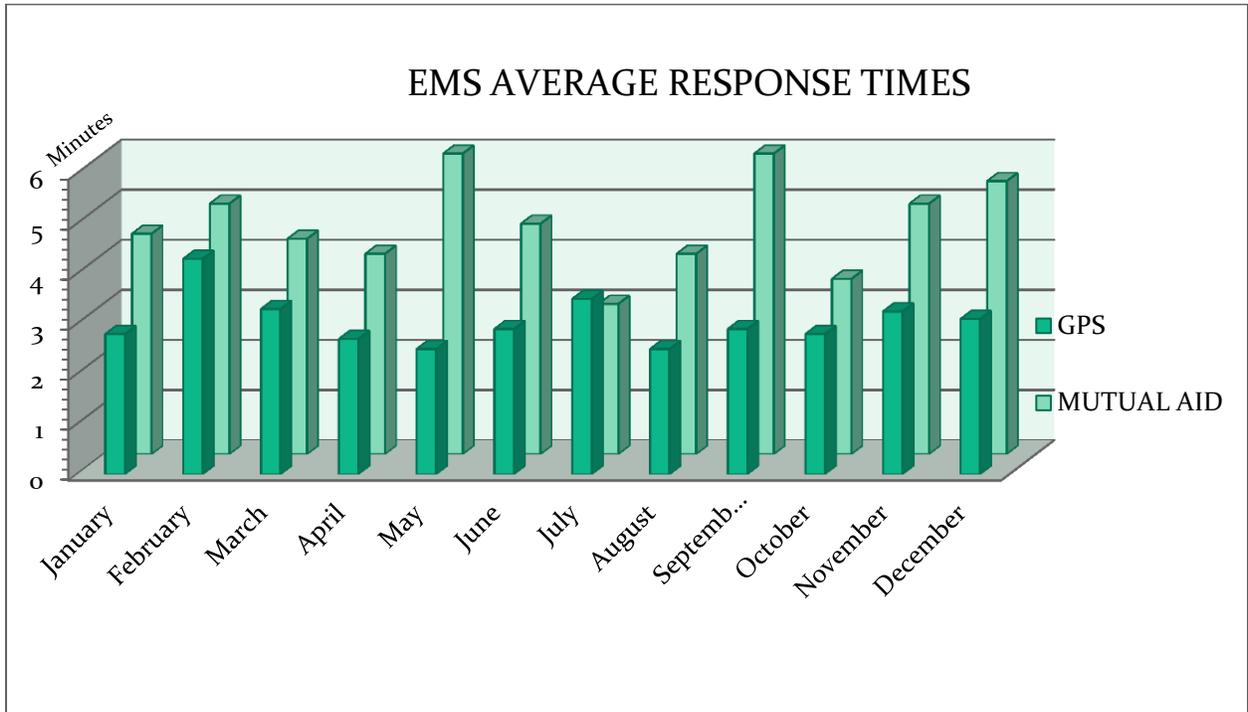

In 2013 officers responded to 163 medic runs, totaling \$81,022.45 in billable runs.

**Hospice deaths included without EMS response*

Grosse Pointe Shores Public Safety 2013 Annual Report

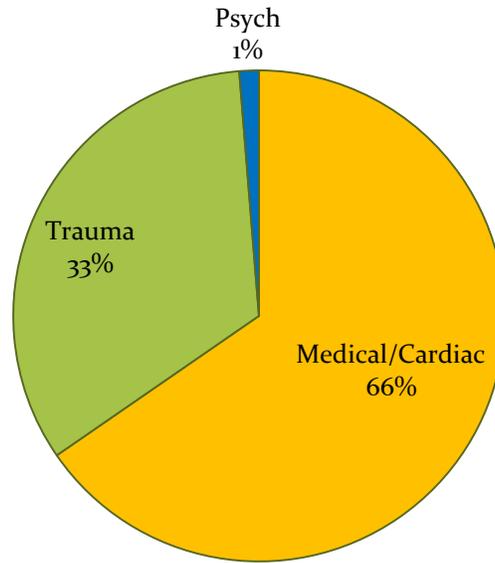

Grosse Pointe Shores is pleased to report an average response time of 3.04 min

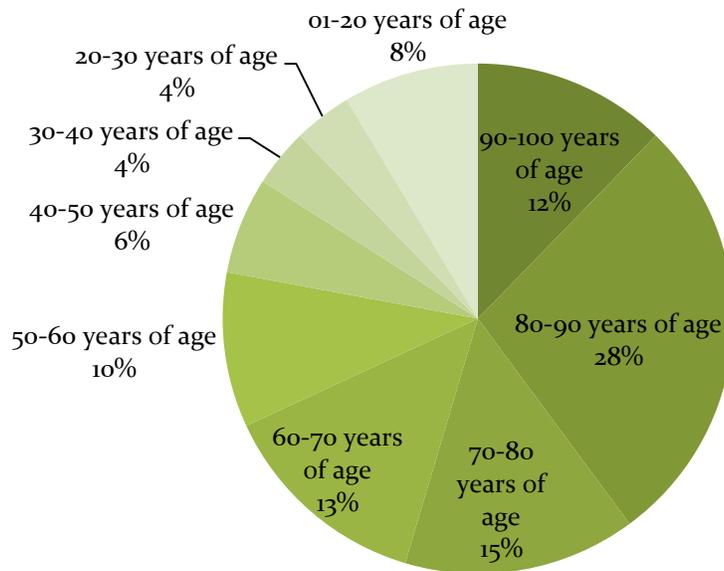

Type of EMS Call

Most frequent type of EMS call for 2013 was medical with 66%.

Age of Patients

Patients between the ages of 70-100 years old make up the majority of patients attended to with 55 %.

FIRE SAFETY DIVISION

The Grosse Pointe Shores Fire Department has at its disposal two pumper style fire engines. Both units are capable of providing 1,000 gallons of water per minute. Engine 4 [E-4] is a 1996 Emergency One Pumper and is primarily equipped with ventilation equipment. This equipment allows responding personnel to open a roof or window of a dwelling and force the superheated gases to escape and reduce the interior temperature of the structure for interior attack operations. E-4 is our primary response vehicle to mutual requests from our neighboring agencies.

Grosse Pointe Shores Public Safety 2013 Annual Report

Engine 4 A [E-4A] is a 1986 Ford Pumper and is equipped with our Jaws of Life. It has the capability of cutting and spreading heavy gauge steel and aluminum found in many of today's vehicles. This truck is also equipped with a thermal imaging camera that can see through smoke, a valuable aid in the search and rescue of stranded victims and the location of hidden fires. The above mentioned apparatus and equipment represents a portion of what each fire engine is capable of, they are only as good as the officers operating them.

We pride ourselves on the competent operation of this equipment and perform weekly maintenance on the apparatus making sure all of the tools and equipment are in proper working order.

Grosse Pointe Shores officers are all trained to the level of Fire Fighter I and II and all complete a monthly training activity. This monthly training ranges from pump operations, search and rescue, reading smoke and fire conditions to general fire ground operations. Officers are provided with extensive training in vehicle extrication and are provided with cars from the local tow truck yard for training purposes at no charge. The officers train with various tools to stabilize, gain access to a patient and subsequently remove the patient from the vehicle in the safest and most efficient manner. In addition, we train annually on the portable fire pump that is located at our municipal park. It is a mobile pump that draws lake water to deliver high volumes at any location in the park. The unit is mounted on a cart and is wheeled to the location for deployment.

Grosse Pointe Shores Public Safety 2013 Annual Report

Our command officers are trained in leadership and management operations. With our objective of reaching full staffing, the Department will have sufficient manpower to have all of our supervisors certified by the Michigan Fire Fighting Training Council (MFFTC) as (Fire Officer I & II.) These courses provide the Fire Commander with the information needed to make safe, sound and proactive decisions on the fire ground. The course also teaches the officer how to manage personnel in emergency situations and in the day to day operations of the public safety department.

Our Fire Inspectors conduct inspections annually on all public buildings within the Village. These inspections are essential in maintaining safe conditions for those facilities and their guests.

Grosse Pointe Shores Public Safety 2013 Annual Report

According to Homeland Security Typical Fire Research study published in 2006:

- *Regardless of region, season, or time of day, structure fire response times are generally less than 5 minutes half the time.*
- *The nationwide 90th percentile response time to structure fires is less than 11 minutes.*
- *Structure fires in the Northeast have the lowest response times while those in the West have the highest.*
- *Average structure fire response times show a relationship between flame spread and longer response times, but only after flames have spread beyond the room of origin.*

“Assuming stable fuel, heat, and oxygen levels, a typical house fire will double in size every minute.” (source <http://discovermagazine.com> accessed February 2013)

The average response time for Grosse Pointe Shores fire division in 2013 for all calls was 3.64 minutes.

Grosse Pointe Shores Public Safety 2013 Annual Report

COST RECOVERY

An essential ordinance that is enforced regularly in Grosse Pointe Shores is our cost recovery ordinance. Private contractors, commercial vehicles and motorists that cause damage to our infrastructure are assessed with the cost of replacement and/or repair of any damage to the Village. With the assistance of Brett Smith and the Public Works Department, we have been very successful in our cost recovery again this year. Examples of this damaged property include police, fire or DPW vehicles, municipal buildings, power lines, street lamps, trees, curbs, and fences. The Public Safety Department also recovers funds from each Operating While Intoxicated (OWI) arrest to cover the cost of processing and prosecution of these complaints. We have also added an administrative processing fee to all impounded vehicles.

Throughout the year, the Department also provides supplemental public safety officer staffing to our commercial facilities and to various organizations requesting service within the community. These facilities are invoiced for the services provided and we recover 100% of the cost of the officer's salaries including benefits. Public Safety recovered 94 % of all claims made in 2013 under the cost recovery ordinance and we are pursuing \$20,690 in unpaid claims.

RECOVERED FUNDS FOR 2013

Infrastructure damage recovery	\$46,588.37
Officer salary recovery (security details)	\$7,209.65
OWI recovery	\$7,706.00
Administrative Towing fee	\$2,870.00
Grants (camera system)	\$4,994.00
Grants – Operation Stonegarden (Homeland Security)	\$8,000.00
<i>Total Recovered</i>	<i>\$77,368.02</i>

VEHICLE LIFE EVALUATION

Starting in 2013, we are reviewing our entire vehicle fleet for service life evaluation, excessive repair costs, and projected replacement dates. Our Grosse Pointe Shores mechanic provides excellent interval service and repairs to all city vehicles.

VEHICLE		SERVICE LIFE	VEHICLE AGE
Engine 4	1995 Ford Pumper	30 Years	19 Years
Engine 4A	1986 Ford Pumper	30 Years	28 Years
