

October 27, 2017

The Retirement Commission
Village of Grosse Pointe Shores
Employees Retirement System
Grosse Pointe Shores, Michigan

Dear Commission Members:

The purpose of the annual actuarial valuation of the Village of Grosse Pointe Shores Employees Retirement System as of June 30, 2017, is to:

- Compute the liabilities associated with benefits likely to be paid on behalf of current retired and active members of the Retirement System,
- Compare accrued assets with accrued liabilities to assess the funded condition of the Retirement System, and
- Compute the City's recommended contribution rate for the Fiscal Year beginning July 1, 2017.

This valuation has been conducted in accordance with generally accepted actuarial principles and practices. Data concerning active members, retirees, beneficiaries and assets was provided by the City. This data has been reviewed for reasonableness, but no attempt has been made to audit such information. The valuation was based on the provisions of the Retirement System as amended through June 30, 2017. The actuarial assumptions used in this valuation are reasonably related to the past experience of the System and represent reasonable expectations of future long-term experience under the System. This valuation has been prepared under the supervision of a Member of the American Academy of Actuaries who meets the qualification standards of the American Academy of Actuaries to render the actuarial opinions contained herein.

Respectfully submitted,

Denise M. Jones
Senior Consultant

Sandra W. Rodwan
Member, American Academy of Actuaries

Section One:

Valuation Summary

Purpose of Valuation

The purpose of the annual actuarial valuation of the Village of Grosse Pointe Shores Employees Retirement System as of June 30, 2017 is to:

- ❖ Compute the liabilities associated with benefits likely to be paid on behalf of current retired and active members of the Retirement System,
- ❖ Compare accrued assets with accrued liabilities to assess the funded condition of the Retirement System, and
- ❖ Compute the City's recommended contribution rate for the Fiscal Year beginning July 1, 2017.

Liabilities and Funded Condition of Retirement System

Accrued liabilities of the Retirement System as of June 30, 2017, were computed to be \$22,278,398. The allocated funding value of accrued assets was \$21,022,730. The ratio of the funding value of accrued assets to accrued liabilities was 94.4%.

Funding Value of Assets

A smoothed market value of assets was used for the June 30, 2017, valuation. The method credits the assumed rate of return and smoothes the difference between the actual and assumed return over four years. This method is unchanged from last year's valuation.

City's Computed Contribution Rate

The total normal cost was computed to be 19.48% of active member payroll. Deducting the weighted average of member contributions, 6.20% of payroll, produced a net City normal cost contribution rate of 13.28% of member payroll. Unfunded actuarial accrued liability was amortized over 20 years as a percent of payroll, producing an amortization payment of 5.18%. The City's net contribution rate is 18.46%. The dollar amount of the City's contribution for the Fiscal Year beginning July 1, 2017 is \$319,503.

Retirement System Experience

Overall experience of the Retirement System was offsetting during the year ended June 30, 2017. The recognized rate of return on the smoothed funding value of assets of 7.71% vs. the 7.0% long-term assumed rate was more than assumed which was favorable. Partially offsetting this favorable experience were salary increases which on average were greater than assumed. The funded ratio increased to 94.4% from 94.1% last year.

Benefit Provision Changes

None.

Assumption and Method Changes

There were no assumption or method changes used in the valuation.

Participant Data

	<u>06/30/2017</u>	<u>06/30/2016</u>
Active Members		
General and DPW	12	12
Public Safety	<u>11</u>	<u>11</u>
Total	23	23
Active Member Payroll		
General and DPW	\$643,190	\$580,287
Public Safety	<u>1,087,515</u>	<u>1,026,143</u>
Total	\$1,730,705	\$1,606,430
Retirees and Beneficiaries		
General, PS Clerks and DPW	12	12
Public Safety	<u>19</u>	<u>20</u>
Total	31	32
Annual Pensions		
General, PS Clerks and DPW	\$467,783	\$458,614
Public Safety	<u>844,409</u>	<u>844,593</u>
Total	\$1,312,192	\$1,303,207

Financial Data

	<u>06/30/2017*</u>	<u>06/30/2016*</u>
Market Value of Assets	\$20,755,504	\$19,977,604
Smoothed Valuation Assets	21,022,730	20,453,927
Reserve for Health Care	0	0
Net Smoothed Valuation Assets	21,022,730	20,453,927

*Net of Health Care Benefits Trust assets reported to be \$1,882,976 for June 30, 2017 and \$2,067,301 for June 30, 2016.

Conclusion

Retirement System benefits are being financed as they accrue in accordance with a sound level percent of payroll funding objective. The accrued funding condition of the Retirement System is very good. Maintenance of this condition is dependent upon actual future experience and continued receipt of future contributions as recommended.

Section Two:

***Actuarial Calculations –
Funding***

Computed Contribution Rates for Fiscal Year 2017/2018

The contribution rates shown below are expressed as percents of active member payroll.

The normal cost can be viewed as the long-term ongoing cost of the Retirement System.

The City’s computed contribution rate for the fiscal year beginning July 1, 2017 has been computed to be 18.46% of payroll. The amortization period was 20 years, the same period as used in last year’s annual actuarial valuation.

Contribution Recommendation:

Normal Cost	
Regular Retirement	12.59%
Pre-Retirement Death	1.39
Disability	2.94
Withdrawal	<u>2.56</u>
Total Normal Cost	19.48
Less: Employee Contribution	<u>6.20</u>
Net Employer Normal Cost	13.28
Unfunded Actuarial Accrued Liability	5.18
Total Computed Contribution	18.46%
Employer Dollar Contribution	\$319,503

Unfunded Actuarial Accrued Liability

	<u>June 30, 2017</u>	<u>June 30, 2016</u>
Actuarial accrued liability	\$22,278,398	\$21,742,961
Assets allocated to funding	<u>21,022,730</u>	<u>20,453,927</u>
Unfunded actuarial accrued liability	\$1,255,668	\$1,289,034

Excluding Post Retirement Health Insurance.

(b) Including Post-Retirement Health Insurance.

* Post-retirement health insurance is financed through a Health Care Benefits Trust established under P.A. 149 of 1999.

#After changes in assumptions.

Comment and Conclusion

Comment: Overall experience of the Retirement System was offsetting during the year ended June 30, 2017. The recognized rate of return on the smoothed funding value of assets of 7.71% vs. the 7.0% long-term assumed rate was more than assumed which was favorable. Offsetting this favorable experience were salary increases which on average were greater than assumed.

Conclusion: Retirement System benefits are being financed as they accrue in accordance with a sound level percent of payroll funding objective. The accrued funding condition of the Retirement System is very good. Maintenance of this condition is dependent upon actual future experience and continued receipt of future contributions as recommended.

Section Three:

***Retirement System
Benefit Provisions***

Benefit Provision Summary

Regular Retirement

Eligibility:

General, Public Safety Clerks hired prior to July 1, 2010 and DPW: Age 50 with 25 or more years of service or age 55 with 10 or more years of service.

Public Safety: Age 50 with 25 or more years of service.

Final Average Salary (FAS):

All members: average of highest 3 salaries in last 10 years of service

Annual Benefit:

General – Final average salary times 2.5% for each year of service. Maximum is 75% of final average salary for Public Safety Clerks and 85% of final average salary for General.

DPW members hired before July 1, 2007 – 2.5% of final average salary times credited service. Maximum is 75% of average salary.

DPW hired after July 1, 2007 – 2.25% of final average salary times the first 25 years of service plus 1.5% for each year after 25 years. Maximum is 75% of average salary.

Public Safety Officers hired prior to July 1, 2007 shall receive a straight life pension equal to 2.5% of the equivalent of his or her final average compensation (FAC) as if he or she was retiring, effective February 19, 2013, multiplied by the number of years, and fraction of year, of then-current credited service. Future accruals shall be based on 2.5% of his final average compensation multiplied by the number of years of service for the first 25 years of service, then 2.0% for each additional year, and fraction of a year. Basic retirement pay shall remain limited to 75% of an Officer's FAC.

Public Safety Officers hired after 7/1/2007 through 6/1/2012 shall receive a straight life pension equal to 2.25% for the first 25 years and 1.5% for each year after 25 years. Basic retirement pay shall remain limited to 75% of an Officers final average compensation.

Public Safety Officers hired on or after June 1, 2012 are not members of the retirement system.

Command Officers – Command Officers hired through 6/30/2012 shall receive a straight life pension equal to 2.5% of the equivalent of his or her final average compensation as if he or she was retiring, effective July 19, 2012, multiplied by the number of years, and fraction of a year, of then-current credited service. Future accruals shall be based on 2.5% of his final average compensation multiplied by the number of years of service for the first 25 years of service, then 2.0% for each additional year, and fraction of a year. Basic retirement pay shall remain limited to 80% of a Command Officers final average compensation.

Command Officers hired after 7/1/2007 who were members of the Command Unit as of 6/30/2012 shall receive a straight life pension equal to 2.25% for the first 25 years and 1.5% for each year after 25 years. Basic retirement pay shall be limited to 75% of an Officers final average compensation.

Public Safety Clerks retiring after 1/18/2011 (There were no Public Safety Clerks in the 6/30/2014 valuation):

(1) the sum of (a) 2.5% of final average salary as of January 18, 2011 multiplied by credited service through January 18, 2011 plus (b) 2% of final average salary multiplied by credited service earned after January 18, 2011, up to a maximum of 25 years of credited service, plus

(2) 1.5% of final average salary multiplied by credited service, if any, up to a maximum 15 years in excess of the initial 25 years taken into account above.

Deferred Retirement

Eligibility:

10 or more years of service regardless of age. Benefit begins at regular retirement age.

Public Safety Clerks: If dispatch operations are subcontracted all full time employees hired prior to July 1, 2010 shall be vested after 7 years.

Annual Benefit:

Computed as regular retirement but based on service and final average salary at time of termination.

Duty Disability Retirement

Eligibility:

No age or service requirements. Must also be in receipt of Workers Compensation.

Annual Benefit:

62-1/2% of base pay at the time of disability with a recomputation at age 50. At age 50 the disability pension is increased by 1.5% of the member's base pay, multiplied by the number of years he received the disability pension to a maximum of 5 years. Maximum disability pension is 70% of base pay

Non-Duty Disability

Eligibility:

10 years of credited service.

Annual Benefit:

Accrued regular retirement amount.

Duty Death

Eligibility:

No age or service requirement.

Annual Benefit:

General, Public Safety Clerks – 70% of final average salary to surviving spouse;
DPW, Public Safety – 75% of final average salary to surviving spouse and Command – 80% of final average salary to surviving spouse.

Non-Duty Death Before Retirement

Eligibility:

20 or more years of service or age 50 with 10 years of service.

Annual Benefit:

Regular retirement amount reduced actuarially in accordance with a 100% joint and survivor election.

Member Contributions

General Members – 3% of the first \$4,200 of annual salary plus 5% of annual salary in excess of \$4,200.

Public Safety – 7.0% of annual salary.

Members contribute .5% for medical.

Post-Retirement Cost-of-Living Adjustments

Pensions of Public Safety Clerks are increased 2.5% per year, compounded, for 10 years following retirement. As an alternative, a member may elect at the time of retirement to defer any cost-of living for the first 10 years of retirement and thereafter beginning in the eleventh year, receive 2.5% per year compounded for life.

Pensions of General and DPW members retiring after July 1, 2004 and Public Safety members retiring after July 1, 2003 are increased by 2½% per year compounded for life, commencing with the 37th monthly pension payment.

50		1.25	0.50
55		1.25	0.50
60		1.25	0.50
65		1.25	0.50

Actuarial Method Used for the Valuation

Normal Cost. Normal cost and the allocation of actuarial present values between service rendered before and after the valuation date were determined using an individual entry age actuarial cost method having the following characteristics:

- ❖ The annual normal costs for each individual active member, payable from date of hire to date of retirement, are sufficient to accumulate the value of the member's benefit at the time of retirement;
- ❖ Each annual normal cost is a constant percentage of the member's year-by-year projected covered pay.

Financing of Unfunded Actuarial Accrued Liability. Unfunded actuarial accrued liabilities were amortized as a level percent of payroll over 20 years and added to the computed normal cost to determine the total contribution rate. The 20 year period is the same period used in last year's valuation.

Section Five:
